Mission

To engage, empower, and enrich the lives and opportunities of Louisiana's Deaf, DeafBlind, and Hard of Hearing people.

Vision

A Louisiana that *embraces the inclusion* of a diverse deaf community through *full access* to information, communication, and opportunities.

Values

**Advocacy, Accountability, Equality, Accessibility,
and Sustainability**

Mandate

- Promote, coordinate and facilitate accessibility of all public and private services to people who are d/Deaf, DeafBlind, and hard of hearing
- Serve as advocate for the needs and rights of people who are d/Deaf, DeafBlind, and hard of hearing.
- Collect information concerning deafness and provide for the dissemination of this information.
- Develop and implement a statewide program to ensure continuity of services to people who are d/Deaf, DeafBlind, and hard of hearing.
- Inform, educate, and advise citizens who are deaf, parents, and families of the availability of programs and services for adults and children who are d/Deaf, DeafBlind, and hard of hearing at all levels of state and local government.

Mandate

- Establish the process and set the criteria for the professional credentialing of interpreters. Develop and maintain a registry of credentialed interpreters, including administrative guidelines for the registration process.
- Establish, administer, and promote a statewide program to standardize interpreting services for those who are d/Deaf, DeafBlind or hard of hearing.
- Specify procedures outlining grounds for denying, suspending or revoking an interpreter's registration with the state.
- Adopt and specify grievance policy and procedures and the process for disciplining interpreters.

Louisiana Commission for the Deaf Accessibility Programs

- Hearing aids for qualifying individuals
- Assistive technology for qualifying individuals
- Support service providers for individuals who are DeafBlind to live and participate in their communities with independence
- Interpreter program services which include standards, oversight, and support for individuals who use sign language, provide interpreting services, and the sign language interpreter workforce

Background—Establishment of Interpreting Standards

- Strategic Priority Report in 2021—Establish new systems and standards for sign language interpreting
- Act 128 of the 2022 Regular Legislative Session—The new law required Louisiana Commission for the Deaf to establish and provide oversight of an Interpreter Registry, which includes defining the minimum qualification standards for registration of all interpreters working in the State of Louisiana.
- Published Interpreter Needs Assessment 2023—In 2022, in an effort to better understand the state of sign language interpreters and the interpreting services provided in Louisiana, the Louisiana Commission for the Deaf conducted a six-month assessment process for engaging interpreters statewide in focus groups, meetings and other opportunities to provide feedback.
 - Results of this survey revealed that 70 percent of those who participated in the assessment agreed that there should be certification requirements for all sign language interpreters to improve the quality of sign language interpreting services.

Engagement Process

To fulfill the requirements of Act 128, the Commission used various strategies to gather information from the community to inform the minimum qualification standards for interpreters working in the state of Louisiana. Note: This list represents engagements from year 2020-2025 and is not meant to be exhaustive.

Establishment of New Standards: Who Will This Apply To?

- Individuals seeking to provide sign language interpreting services in the state of Louisiana, whether in-person or via remote services, shall apply for registration with the Louisiana Commission for the Deaf
- A person who is not registered with Louisiana Commission for the Deaf shall not do any of the following:
 - Provide services as a sign language interpreter for people who are d/Deaf, DeafBlind and/or hard of hearing in the state of Louisiana.
 - Use any title, abbreviation, words, letters, signs or figures to indicate that the person holds Louisiana interpreter registration pursuant to the rule.
 - These rules shall not apply to individuals providing sign language interpreting services on a voluntary basis receiving no compensation or in religious settings.

Is This Licensure?

- **What is licensure?** The process of granting a license to practice based on an assessment/evaluation by a state-level authority (i.e. North Carolina, Arkansas)
- **What is registration?** The process of completing an application process, paying fees and receiving approval after meeting profession-specific criteria in order to be an active practitioner in a given profession (i.e. American Sign Language Interpreters in West Virginia, Pennsylvania, Nevada).
- **What is certification?** The process of receiving official documentation after completing coursework, training in a specific field and successfully passing an examination, signifying status and a level of achievement, typically by a non-governmental organization (i.e. Center for the Assessment of Sign Language Interpretation, Board for Evaluation of Interpreters Certification)

Is This Licensure?

Louisiana state law requires Louisiana Commission for the Deaf to set the minimum qualifications and registration requirements for all interpreters working in Louisiana.

Registration FUNCTIONS as licensure, since it is required by law for state regulatory purposes.

*Note: Regardless of what title (registered, licensed, etc.) is used by a state agency, if a profession has **minimum qualifications defined by law, and only individuals authorized by the state can perform those functions and activities**, the authorized individuals are licensed. It does not matter if the authorization is called something other than a license (for example, registration); the authorization has the legal effect of a license. This hyperlink provides a list of [State-by-State Regulations for Interpreters](#).*

What Will Be Required?

- All interpreters working in PreK-12 and community settings must register with Louisiana Commission for the Deaf no later than July 1, 2026.
- Standards and registration requirements for interpreters working in court settings will be provided later in 2025.
- Minimum standards for qualification will include three categories:
 - Education Standard
 - Knowledge Standard
 - Performance Standard
- Final requirements will be published on the [Professional and Occupational Standards webpage](#) within the Division of Administration website. When available, Louisiana Commission for the Deaf will link directly to the requirements from [our website](#).

Louisiana Commission for the Deaf Interpreter Registry

Overview of the Interpreter Registry

Mandate: Establish the process and set the criteria for the professional credentialing of interpreters. Develop and maintain a registry of credentialed interpreters, including administrative guidelines for the registration process.

Areas of Focus: Develop and maintain an easy to navigate, centralized, public-facing online platform that includes a list of sign language interpreters that have met the minimum requirements to work as an interpreter in the state of Louisiana.

Goal: Streamline access to sign language interpreters for individuals who are Deaf, DeafBlind and hard of hearing. Benefits local organizations and businesses by providing a centralized list to find and engage with qualified sign language interpreters in their area.

Louisiana Interpreter Registry Development

Phase 1: New Development and Implementation of the Louisiana Interpreter Registry (2023)

- Designed and launched a new customized interpreter registry
- Voluntary; no required standards
- Developed technical guidance for all users of the Interpreter Registry

Phase 2: Enhancements to the Interpreter Registry (2024-2026)

- Designed and integrated new registration and renewal requirements for General/Community and PreK-12 educational interpreters; updated administrative function and public-facing formatting (2024)
- Launch enhanced Interpreter Registry to include the new registration requirements (July 2025)
- Revise and publish technical guidance for all users of the Interpreter Registry
- Registration allowed to begin (must be registered by July 2026)

Louisiana Interpreter Registry

What happens if I work as an interpreter, but I am not registered?

- Registration through the Louisiana Interpreter Registry is mandatory to work as a sign language interpreter. If someone is found working without being listed on the registry, they will be subject to an investigation and potential disciplinary and/or legal action(s) by the Louisiana Commission for the Deaf.

What happens to the existing registry, and what actions do I need to take?

- If you are currently listed in the registry, including those registered before March 2023, you must complete the online application and upload the required documentation for your desired registration category via the online Interpreter Registry. All registered interpreters will receive an email notification with instructions on how to update their application with the necessary documentation.

Louisiana Interpreter Registry

What is the timeline for notification after submitting an application?

You will receive notification from the Louisiana Commission for the Deaf regarding your application status approval, denial, or a request for additional information within five business days. If any required documents are missing, the Louisiana Commission for the Deaf Administrator will contact you, which may delay the approval process.

Will we receive a printed or digital badge/card as confirmation of registration once approved?

Yes. Once approved, Louisiana Commission for the Deaf will issue an official registration card for the sign language interpreter. All cards will be mailed to the registrant. Additional details will be provided at a later date.

Workforce Support and Development

Certification Exam Local Testing Administrator

Louisiana Commission for the Deaf partnered with the Center for Assessment of Sign Language Interpreters and Boys Town National Research Hospital to administer certification and assessment exams on their behalf.

This allows sign language interpreters to schedule certification or assessment exams within the state, which may eliminate the need for out-of-state travel.

More information about scheduling an exam can be found on our [Professional Development Training Opportunities Webpage](#)

Workforce Support and Development

Approved Continuing Education Unit Certification Maintenance Program Sponsor

Louisiana Commission for the Deaf partnered with the Registry of Interpreters for the Deaf to approve Continuing Education Units through the Registry of Interpreters' Certification Maintenance Program. This allows sign language interpreters to access learning opportunities to enhance their skills and maintain certification.

Opportunities Include: Academic coursework, sponsor-initiated activities, participant initiated non-registry of interpreter activities

More information about how to offer or request continuing education units can be found on our [Professional Development Training Opportunities webpage](#).
